HRC Opening Times:

April - September

Monday - Friday 9am - 8pm
Saturday 9am - 5pm

October - March

Monday - Friday 9am - 5pm
Saturday 9am - 5pm

Opening times vary over holiday periods please see www.castlereagh.gov.uk or telephone 028 9049 4600 for more information.

Last car admitted **10 mins** before closing. For Health & Safety reasons there may be times when the facility must be temporarily closed for servicing of skips. This is unavoidable and we ask for your understanding in this matter. You can help keep costs down, increase recycling and composting rates by 'pre-sorting' your waste and recycling more at the Councils HRC's.

Castlereagh Borough Council

Refuse Collection & Recycling Services

SERVICE INFORMATION 1 April 2011 to 31 March 2012

Castlereagh Borough Council provides a kerbside recycling service to assist in the recycling of household waste throughout the Borough. Please continue to give this service your support. Remember, increasing your recycling will help keep your rates low. For materials that are not collected at the kerbside, please make full use of Household Recycling Centres and Community Recycling points. For more information on the recycling schemes please contact Technical and Environmental Services on 028 9049 4600 or email recycle@castlereagh.gov.uk. You can also visit www.castlereagh.gov.uk.

What Goes Into What

Only items listed in YES column can currently be recycled through this kerbside scheme

Bryson Recycling

don't delay recycle today

Brown Bin - compostable waste only
NO PLASTIC BAGS OR PACKAGING. Would you consider a home composter to reduce your need for a brown bin?

✓ Yes Please	✗ No Thanks
Garden Waste Please prune twigs & branches into short lengths Flowers & weeds, grass & leaves, hedge cuttings, plants & shrubs, twigs & branches	✗ SODS ✗ HOT ASHES ✗ PLASTIC BAGS ✗ PACKAGING ✗ LIQUIDS ✗ NO LIQUID FATS OR OILS
Cold Ashes small amounts, please do not overload your bin From coal, peat or wood fires (these should be placed loose in your bin)	
Food Waste can be placed into the bin loose, 'lightly wrapped' in a single sheet of newspaper or in food caddy liners provided by the Council. This includes all food wastes such as cooked & uncooked, dairy, fish, bread & pastries, fruit & vegetables, meat & bones & tea & coffee grounds.	

Grey Bin - landfill waste only - additional bags will only be collected in accordance with the collection calendar

Includes wastes that cannot be recycled at the kerbside or cannot be recycled at Council Household Recycling Centres or Community Recycling Points.

PLEASE REMEMBER -

- ✓ Wheeled bins must be presented at your normal collection point by 7.30am on the day of collection.
- ✓ Do not overload your bin. Overloaded bins may not be emptied. It will be the householder's responsibility to lighten the bin for the next scheduled collection.
- ✓ The bin lid should be closed. This is for safety reasons & to ensure the contents of your bin do not pollute the area.
- ✓ To assist the Council in providing a service, it would be helpful if householders could ensure that their vehicle(s) are not parked in such a manner as to obstruct the refuse collection vehicle. This will reduce the likelihood of disrupted services.

WARNING - you can be prosecuted for illegal dumping. Please dispose of your waste responsibly.

IMPORTANT - CONTAMINATION: If your blue or brown bin is found to be contaminated i.e. contain unacceptable wastes e.g. plastic bags or packaging, IT WILL NOT BE EMPTIED. It will be the householder's responsibility to remove the contaminant(s) before it is presented for the NEXT SCHEDULED COLLECTION. Contaminated bins can result in a complete lorry load being rejected from the processing facility. This could cost the Council thousands of pounds in additional landfill costs. As part of the monitoring process each bin will be checked for contamination prior to being emptied. Bins found to be contaminated will be clearly marked with an 'OOPS' card and not emptied. In addition to this the Council Officers will be carrying out random checks.

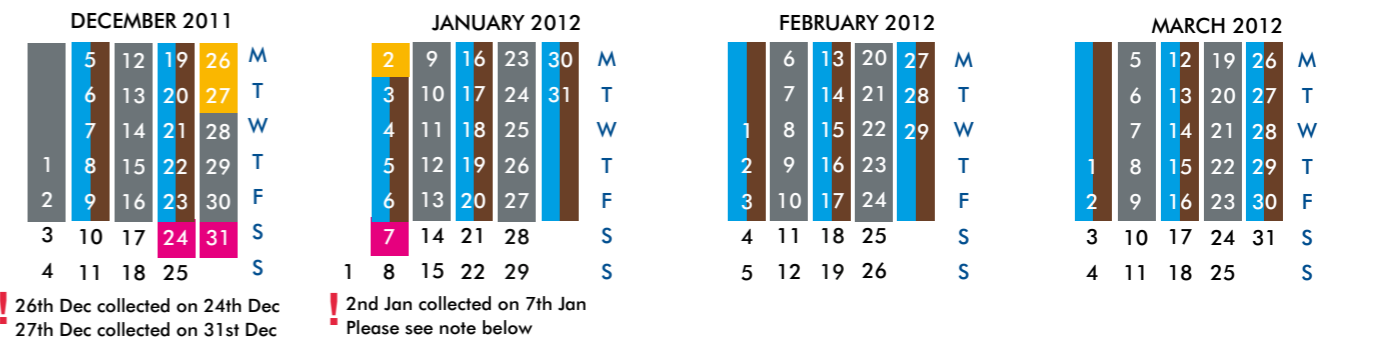

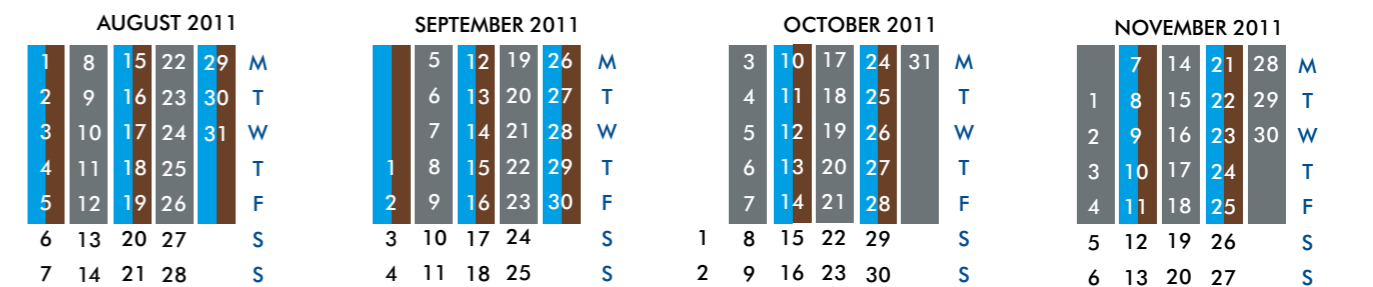

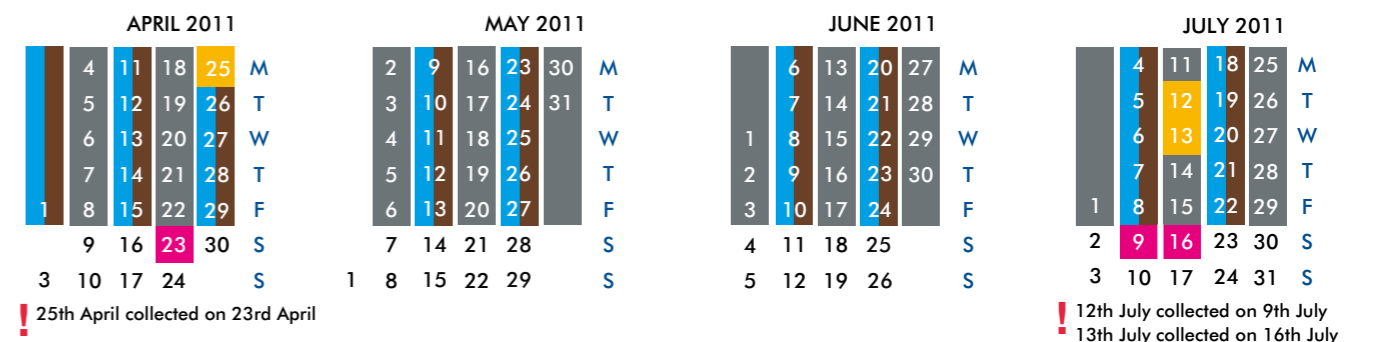

When are the Collections

IMPORTANT: Please read and keep for arrangements during holiday periods.

The collections for your **Blue**, **Brown** and **Grey** bins are given below.

- **Blue** and **Brown Bins only** will be collected during the weeks highlighted in **Blue / Brown**
- **Grey Bins only** will be collected during the weeks highlighted in **Grey**
- Please note - your **day** of collection remains the same. **Blue** and **Brown Bins** will be emptied on the same day but by different vehicles
- If disruption of services takes place due to severe weather conditions, it may be necessary to cancel or reschedule the collection of bins please contact Technical & Environmental Services for more information.

BLUE BIN / BROWN BIN WEEK
 GREY BIN WEEK
